NOTES:

AT = Alternative Tandem Class
AS = Alternative Side-by-Side Class
M = Mainstream Class

red text indicates a test resulting in elimination

blue text indicates results achieved in demonstration events after elimination

Minimum 90 MPGe required to advance (minimum 100 MPGe average required when combined with Validation results)

A 6 minute and 40 second penalty for Alternative Class vehicles (5% of maximum time) will be applied for every instance of a vehicle exceeding 70 mph or going slower than 45 mph in the Combined Performance & Efficiency Test
