

Waiver Program

Don Taylor, Sr. Advisor, Competition Rules

Technical Waivers

Certain technical requirements may be waived

“Teams may petition the PIAXP to waive certain Data Submission requirements or even specific vehicle requirements based on exceptional circumstances. For example, innovative technologies might result in certain PIAXP requirements being inapplicable or inappropriate. Waiver requests should be accompanied by an analysis sufficient for experts to make an informed judgment.”

Technical Waivers

The following will not be considered for Waiver application or approval:

- Inability to meet any of the on-track, dynamic vehicle performance minimums
- Inability to meet MPGe requirements
- Inability to meet emissions requirements
- Inability to meet FMVSS safety requirements or their approved compensation off-sets
- Change in vehicle class, seating arrangement or powertrain configuration from that submitted and approved in Data Submission Stage

Technical Waivers

- Waiver Request form will be posted
- Waiver Request deadline: requests for Waivers may be filed anytime up to December 15, 2009
